Data Protection

The information you provided will be used by the Society, its subsidiary companies, STEP Branches or approved agents for administrative and membership purposes or as required by law. It is impossible to run the membership scheme without sending administrative mailings to you. In addition you will receive mailings related to membership benefits which typically consist of STEP INSIDE, the STEP Journal, the STEP Membership Directory, and details of conferences organized by STEP, its Branches and STEP Conferences. There will often be a discount on conference delegate fees for STEP Members.

From time to time STEP may pass your details to local STEP Branches and other third parties, including overseas companies based outside Canada (for example, companies based in the US and Europe) to enable them to send to you information about products and services approved by STEP. The Society takes its responsibility to protect the personal details of Members very seriously and only approves mailings that it believes will be relevant to your membership and where there will be a tangible benefit e.g. discounts. If you do not want to receive this kind of information from third parties, please let us know by ticking box 1 below. If you tick this box we will not share your details with third parties in this way.

The Society also produces lists of STEP Members in any requested locality (e.g. by postal code) for issue to the public.

1. I do not wish to receive mailings from third parties approved by STEP relating to beneficial products and services.
2. I do not wish my details to appear on lists of STEP Members issued to the public.
